POLICY STATEMENT

Jumbunna is committed to personal safety and the right of people to live in dignity and security without fear of threat or harm and to be free from exploitation and abuse.

The organisation will:

- · ensure the physical environment is safe
- · conduct thorough screening of both staff and volunteers working with vulnerable clients
- assist and support clients to assess and manage risks
- support clients to safely and effectively manage medication
- provide all staff with information and training on duty of care
- Promote and comply with the national safe transport principles
- ensure that clients are protected from abuse or neglect, and that any incidents of harm are promptly addressed and investigated
- provide staff induction and training and regularly review staff levels to ensure appropriate levels of care

PROCEDURES

1. Physical Environment

It is the responsibility of Jumbunna to minimise physical risks to clients. The organisation will meet reasonable community standards and comply with all legal requirements affecting the physical and environmental safety of clients. This includes fire safety, motor vehicle safety, water safety, and public health requirements. The organisation will implement a regular review process annually and update their compliance with community standards and legal requirements.

The organisation will comply with fire risk management guidelines which outline specific requirements relating to building construction, furnishings, smoke detection systems, fire extinguishing equipment, means of exit, fire prevention, fire safety management, evacuation capability, fire and emergency evacuation plans, emergency procedures and maintenance of essential fire safety services. Staff must be trained in relation to these guidelines. It is the responsibility of General Manager to ensure that compliance requirements are met.

2. Staff Screening

Prior to commencing work with clients, all staff and volunteers will undergo a comprehensive screening process which will include criminal record check, referee checks and interviews. The findings of the screening are to be documented in the personnel files of staff and volunteers.

3. Risk Assessment

A risk assessment will be undertaken by staff jointly with clients at assessment, enrolment, or as required.

Clients will be supported to identify and manage risks in their own environment and in any activities they undertake.

For services conducted in the client's home, the assessment will also include a WHS assessment.

4. Suicide and Self-Harm

All clients presenting with suicidal and or self-harming behaviour will be assessed to determine the level and immediacy of suicide and/or self-harm risk.

The assessment for clients with self-harming or suicidal behaviour will include interviews with the client; observation; medical, psychiatric and personal history; feedback from other staff; and information from family and carers.

If a client is assessed as being at risk of suicide and/or self-harm, intervention strategies to decrease the risk are to be developed and implemented.

Where staff members are concerned about a client's immediate suicide or self-harm risk, the client's physical safety should be addressed without delay as a priority.

5. Risk Management

Where risks of harm are identified, a range of harm minimisation strategies which may include avoidance of triggers, family support, reassurance with familiar objects, education, and will be discussed with the client. Agreed actions will then be documented in the client file.

Risk management and harm minimisation strategies will minimise and wherever possible eliminate the need for restraint.

Whenever staff are required to use restraint to prevent harm to the client or others, this will be documented on the client file. An investigation of the incident and the response will be undertaken and a report prepared outlining whether any further action is required.

All risk assessments and harm minimisation plans will be documented and included in the client's file.

6. Medication Management

Staff involved in the storage, transportation, administration or prompting of medication will be trained in the Jumbunna medication policy and procedures and assessed as competent prior to undertaking any medication function.

7. Transport of Clients

All clients will be transported in accordance with the National Safe Transport principles.

8. Abuse and Neglect Risks and Reporting and Management Procedures

Jumbunna has a duty of care to implement prevention strategies that include suitable recruitment screening processes and protocols for identifying the risk indicators for abuse and neglect. It is the responsibility of the organisation to minimise the risk of abuse (sexual assault, physical, emotional, financial) and neglect to clients.

Any suspected or reported allegations of abuse or neglect will be dealt with in accordance to Jumbunna's Child Protection Policy.

9. Record Keeping

- In the case of any accident or incident causing harm to a client, a detailed written report will be completed. The report should include:
 - description of the nature and extent of the incident
 - the name and contact details of all those involved, including any witnesses to the incident
 - action taken
 - the date and signature of the person making the report
 - any on-going or follow up action
- Records storage and accessibility is in accordance to Jumbunna's Confidentiality Policy

10. Staff Induction and Training

All staff and volunteers will participate in an induction program prior to commencement. The induction program will include training on child protection, duty of care, risk assessment and management, professional boundaries and ethical behavior.

Staffing levels will be reviewed every 12 months though these may also be reviewed on a needs basis.

Staff training/in-service on duty of care and client safety will occur annually.

The staff training program will be reviewed regularly and be responsive to enable any emerging issues impacting on client safety and security to be addressed as a matter of priority.
