Statement of objectives

This plan has been developed to ensure that Jumbunna is able to continue to provide essential services during emergencies that would otherwise impact service delivery. This plan outlines the risks faced by clients if supports are interrupted, as well as the responsibilities of the governing body, staff and volunteers.

This plan covers the following essential items:

- Operational context,
- Business and service continuity,
- Insurance and data security,
- Emergency actions,
- Communication,
- Evacuation procedures,
- Team role and responsibilities,
- Recovery plan, and
- Review.

Interruption to Jumbunna's services can have an impact on clients and stakeholders, and therefore preparedness for emergency and disaster is a top priority.

Jumbunna's operational context

Jumbunna provides the following services to our community:

- Early Childhood Education
- Therapy (Capacity Building in everyday life)
- ECEI supports

Our clients consist of the following key cohorts/groups:

- Children and young people
- Families

Other providers in our service area could provide the following alternative services in an emergency:

- Aruma
- Shaping Outcomes
- Autism Australia
- CPA
- Northcott

If our organisation could not provide its services, our client cohorts/groups would be impacted as follows

Would have to go on a waitlist for other providers

Would not be provided therapy and may impact their developmental growth

Business and Service Continuity

Current essential operational requirements	Resources required to maintain operations	Back up/alternative options	Personnel responsible
Office location(s)	Need premises where clients can visit to receive certain services	alternative temporary office; move to Working from Home with cloud-hosted server access, etc	General Manager
